Dear Executive Director of Nevada State Board of Oriental Medicine,

Happy Friday! I hope this email finds you well. Thank you for your patience as we took the time to thoughtfully curate this excellent selection of courses for you.

We are truly grateful for the opportunity to support your practitioners' ongoing professional development. At eLotus, we are committed to providing exceptional educational experiences, led by some of the most esteemed and highly regarded experts in the TCM field. Our speakers have decades of experience and an unparalleled wealth of knowledge, which they have skillfully broken down into easy-to-follow, highly practical courses. These courses are designed not only to deepen understanding but also to be directly applicable to your practitioners' daily practices, helping them level up their expertise.

This curated list represents some of our most highly rated courses, featuring speakers who are truly leaders in their fields. We have never offered a bundle like this before, and we are incredibly proud of these courses. We believe your practitioners will find them invaluable, and we are excited for the opportunity to share this knowledge with them.

Each practitioner is invited to choose any two courses from the list provided below. **We are happy to offer your board the opportunity to cover your practitioners' CEU renewals at a cost of \$150 per practitioner.** Each practitioner will be able to select two courses from the list provided. This offers considerable savings, as the most expensive combination of courses could total up to \$258.

Please take a moment to review the courses, and feel free to reach out with any questions or suggestions. We are excited about the possibility of collaborating with you and providing your practitioners with the tools they need to enhance their practice and expertise.
